## Education

**Anand International College Of Engineering , Jaipur**  
Bachelor of Technology

2022 – 2026  
Grade: 9.00 CGPA

## Skills

**Frontend:** Html , Css , JavaScript , Angular js.

**Backend:** Node js, Express js , JWT token, MongoDB Atlas.

**Tools and Technologies:** Postman, ThunderClient, git.

**Soft Skills:** Teamwork, Adaptability, Time Management, Critical Thinking.

**Language :** Java , JavaScript.

## Experience

**Upflairs | Full Stack Software Developer**

june' 2025 – Present

- **AI image Generation** | javaScript, Express, Api integration.
  - \* learnt about the api and it's functionality and how the CRUD operations works.
  - \* using the operations , and prompt input we get the images according to the prompt.
  - \* Conducted extensive research and development to identify optimal approaches, surpassing industry standards through innovative implementations.
- **Product Api** | JavaScript, MongoDB Atlas, express, JWT token.
  - \* Involved in creating a web application that uses different Api methods and using the methods Different operations on the users and products are performed.

**Learn and Build | Data Structures and Algorithms**

may' 24 - Aug' 24

- Studied data structures to manage the data efficiently to improve the performance of the code and it's efficiency.
- Learned the different data structures .

## Projects

**Ecom website** | TypeScript, Angular, Git, VS Code, FontAwesome.

- Developed a front-End web application for users to effortlessly buy and sell products online ,enhancing the overall user experience.
- Implemented AuthGuards measures for authentication and authorization.
- Managed the complete end-to-end process flow of products, from listing to checkout.

**Url Shortener** | javaScript , node js, Express js , , Git, VS Code

- Developed a responsive web application facilitating interactive learning experiences, featuring user authentication, real-time collaboration tools, and Short the given Url to individual user profiles . Integrated a mechanism within the application to find the clicks and number of time fetched the link.

## Interests

- Problem Solving using Data Structures and Algorithms
- Playing hockey
- Listening music

## Achievements

- Intern at Rcat ,Jaipur as a cyber Security intern.
- Participated in smart india hackathon.
- Certifications of basic language knowledge from IIT Bombay.
